

Share your ideas for the Jerrabomberra Pump Track

February 2024

Come and share your ideas for the Jerrabomberra Pump Track!

After listening to the community, we're going back to the drawing board on the Jerrabomberra Pump Track. We want to find the best location for a beginner to intermediate pump track for young people in Jerrabomberra and we need your help.

We are holding three in-person workshops where you can share your ideas. We will also have an online feedback option for those who can't join us in person.

Workshops

We invite Jerrabomberra residents to join us at one of three workshops held in the Jerrabomberra Community Centre.

Wednesday 14 February

SESSION 1 3:30pm-5:00pm

Thursday 15 February

SESSION 2 7:00pm-8:30pm

Saturday 17 February

SESSION 3 2:30pm-3:30pm

Each session is open to the public so feel free to drop in or register your interest to attend at

► bit.ly/QPRC-JPT

Feedback online

After the in-person workshops an online feedback option will be available. Sign up to be notified at yourvoice.qprc.nsw.gov.au

What to Expect

All three workshops are at the Jerrabomberra Community Centre and will be exactly the same. They are an opportunity to explore possible locations for the site, discuss what you think the site needs and the optional extras you would love to see included.

Each workshop is collaborative and will be run in small groups supported by Council staff.

Expected Timeline

FEBRUARY

Community workshops

EARLY-MARCH

Findings reported to Council

LATE-MARCH

Investigation and community feedback report to Council
+ Sharing feedback with community

APRIL

Public exhibition of design

MAY

Final report to Council
